

PET (Supervisor) (9.5.23)

NPEC Supervisor Evaluation Tool

This survey has been designed to enable you, as a supervisor, to evaluate each placement site. In adopting the term 'supervisor' we refer to any Registered Nurse/Midwife who works with and or assesses healthcare students undertaking a clinical placement. De-identified student evaluations of placements will also be completed and released to you, enabling quality improvements with benefits to educators and students.

Please rate your ward/unit/placement site each time a student, or student group, completes with you.

Which hospital/clinic are you evaluating as a student supervisor?

Please start typing for options. Options may be incomplete – please type in full if no option is available.

Please name the ward/unit where this student, or student group, was placed?

Please only rate one ward/unit per evaluation. Please submit a separate evaluation for each ward/unit

How would you classify this ward/unit?
